Presidents Report – January 2011

This month's competition topic is SHADOWS - An image in which shadow(s) is featured. The cause of the shadow(s) may be included but must not be dominant. Please pay particular attention to the topic definition, particularly the part about the cause of the shadow not being dominant, to ensure your images comply. Our Judge for this competition will be Colin Felin. Please make Colin welcome.

I would like to remind everyone that no images will be accepted for competition past the 7:20pm cut-off.

ANNUAL GENERAL MEETING

Our January club night will open our Annual General Meeting. Perhaps the most significant agenda item is the election of a new committee. All positions are open for nomination and I would strongly encourage some of the newer members of our club to consider taking on a committee position. Your input at the committee meetings will help to ensure fair representation of the membership in all decisions made.

It is important that as many members as possible attend this meeting. Your input and votes are highly valued to take our club forward.

WAGIN INTERCLUB COMPETITION

The Wagin Interclub Competition is fast approaching, with entries closing on 4 Feb 2011. The topic this year is "Circular". Details can be found on the WAPF website [www.wapf.org.au]. We are hoping to select 15 images from club members (no more than 3 from any person) to submit on behalf of the Mandurah Camera Club. As in previous years, the club will cover the entry fee and postage costs. If you have suitable images for this comp, please bring them along on Monday evening (I think we had this as a competition topic in 2009). If not, get your creative mind in gear and we'll do another call for images later in the month.

See you on Monday evening.

Greg
